- **$0.35 fee per transaction**
  A single fee per checkout, not per item, ensures that whether a customer purchases $50 or $5,000 worth of goods, a Zoovy Complete merchant still only pays $0.35.

- **Hourly business consulting**
  Knowledge when it's needed. SEO, marketing strategy, syndication, set up, expert graphic design or content optimization, Zoovy's business experts are there to guide every Zoovy Complete merchant. Hourly consulting is available for all Zoovy merchants starting at $100 per hour billed in 1 minute increments.

Optional Complete Support Package

Successful business models require complex systems and multiple technologies to work in perfect harmony. The Complete Support package covers not only Zoovy technology but our approved partner technologies and everything that weaves them together. Rest assured knowing that no matter how complex an approved Zoovy configuration may be, all support, set up and troubleshooting is covered by the Complete Support Package.

- **No integration or operational headaches**
  Zoovy only approves partner technologies when they are fully tested and integrated with the Zoovy platform. As a result we cover their technology in the optional support package.

- **No finger pointing**
  If a problem with a Zoovy approved integrated partner technology results in an error of any kind, Zoovy gets it fixed by working directly with the partner on your behalf. No excuses, no hassle.

- **Rest Assured**
  Zoovy does the legwork to ensure that partner technologies 'just work'. Merchants get on with running their business rather than wrestling with their technology.
